## CATHARTIC PILLS

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscers to purify the blood and stimu hate it into healthy action. They remove the obstructions of the stomach, howels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such detangements as are the first causes of disease. An extensive trial of their virtues, by Professon, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted positing and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give Directions for their use in the complaints which they have been found to cure.

FOR COSTIVENESS.—Take one or two Pills, or such quantity as to gently move the bowels. Contiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR DYSPERIA, which is sometimes the cause of Costiveness, and always uncomfortable, take mild doses—from one to four—to stimulate the stometh and liver into healthy action. They will do it, and the hearthears, bodyburn, and soulburn of dyspepsa, will rapidly disuppear. When it has gone, dealt forget what cured you.

For a Four Stomach, or Morbid Inaction of the Spirits and bad health, take from four to eight Pils spirits and bad health, take from four to eight Pils

If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

For Scropula, Krystpellas, and all Disseas of the Skin, take the Pills freely and frequently, to keep the bowels open. The cruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purping and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or an of the unclean diseases of the skin, because you system wants cleansing.

To Purify the Blood, they are the best melicine ever discovered. They should be taken fresty and frequently, and the impurities which sow the seeds of incurable diseases will be awept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making sway where.

Liver Complaint, Jaundick, and all Billows.

where.

Liver Complaint, Jaundice, and all Bilione Affections, arise from some derangement—either torpidity, congestion, or obstructions of the Liver. Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duet which empties the bile into the atomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhæa, prevais. Feverish symptoms, languor, low spirits, wearness, restlessness, and melancholy, with sometimes inshility to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the sha and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the toesh; the whole system irritable, with a tendency to few, which may turn to billous fever, billous colic, billous of four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles.
